Outcomes we are striving to achieve:

NADD Ontario:

- has the necessary human, financial and material resources to carry *out its work*
- has a membership which is engaged in key strategic activities and projects
- is recognized as a “go to” place for information and advice about dual diagnosis

Activities we are currently involved with:

- Book sales and development
- Raising awareness of NADD Ontario by visual identity, social networking website development
- Financial health of NADD Ontario
- Governance development: Board Membership and Succession planning; Bylaw review and updating ;

How we work: We accomplish most of our work online via email exchange and through monthly teleconferences.
